

Visit of students of the Kielno Primary School in Budapest: A journey through history and culture

A trip as part of the V4 project of the Visegrad Group.

The amount of co-financing 10.000 Euro.

We are extremely excited to share our unforgettable experience from the revisit of students of Kielno Primary School in Budapest! This unique journey was full of surprises, impressions and learning.

Day 1: Arrival in Budapest

Our visit began with an arrival in the charming city of Budapest. After reaching the place, we were warmly welcomed by our hosts – students, parents and teachers of the Gyermekek Háza Alternatív Általános Iskola és Gimnázium school, who told us about the plan of our visit and shared the necessary information

Day 2: Sightseeing in Budapest

On the second day we started our adventure by visiting Buda Castle and the Royal Palace. These are places that have taken us back to historical times and fascinated us with their architecture and rich history.

Day 3: Visegrad

On the third day we went on a trip to Visegrad, a place with an extraordinary history and beautiful views of the Danube. Visiting the Visegrad Royal Castle, we discovered fascinating facts about the Hungarian Kingdom and its heritage.

After the lunch break, we had the opportunity to use the bobsleigh track on the slope of the mountain, which was a real attraction for us.

Day 4: Sightseeing in Budapest

On this day we saw the Hungarian Parliament, a majestic building on the banks of the Danube. A walk around Fisherman's Bastion allowed us to enjoy panoramic views of the city, which was an unforgettable experience.

Day 5: Workshops at school

The fifth day was devoted to workshops at the host school. We were able to participate in sports activities and tastings of traditional Hungarian dishes prepared by our parents, which allowed us to better understand Hungarian traditions, culture and history. In the afternoon we went by a small train for a sightseeing tour of the surrounding hills. It was also an opportunity to make new friends with students and the local community.

Day 6: Return home

On the last day of our adventure in Budapest, we packed up and set off on our way back to Polish.

On the way we stopped to visit the capital of Slovakia – Bratislava. The guide told us about the history, culture and traditions of this small but beautiful country.

Our visit to Budapest was not only a journey through beautiful places and history, but also an opportunity to make new friends, understand other cultures and expand our knowledge.

This experience will surely leave lasting memories in our hearts.

We thank everyone who contributed to this unforgettable experience, and thank you to the host school from Budapest – parents, management, teachers and, above all, grade 7 students, for the hospitality and care you have given us.
